

# Keeping it local benefits every pocket, purse and professional.

When you see a business (like this business) displaying The Buck Stays Here<sup>SM</sup> decal, you know that business is locally owned and operated. And when you support local businesses, you're recirculating money in our community to create a stronger, more prosperous economy. Your recirculated dollars help provide funding for our police department, our schools, our parks and much more. So please look to local businesses first. Let's keep the bucks here every day and all year long. For a complete list of participating The Buck Stays Here<sup>SM</sup> businesses, go to [blog.chesbank.com](http://blog.chesbank.com).
